

CIC 2023

2023 Int'l Conference on Colloid and Interface Chemistry (CIC 2023) will be held during April 21-23, 2023 in Kunming, China. This Conference will cover issues on Colloid and Interface Chemistry, and other related topics. It dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods in related fields.

CALL FOR PAPERS

Colloidal chemistry
Thermodynamics
Colloid and surface chemistry
Colloidal particles, nanoparticles and fluids
Soil colloidal chemistry
Colloid chemistry systems
emulsion science and technology
Surface chemistry
Applied surface chemistry
Surface chemistry of nanobiomaterials
Nanoscale surface chemistry
Computational surface chemistry
Structure of solid surfaces
Adsorption of molecules on surfaces
The Langmuir isotherm
UHV and effects of gas pressure
Surface analytical techniques
Overlayer structures and surface diffraction
Surface imaging and depth profiling
Other Related Topics

Venue

Kunming, Yunnan's capital, resides at an elevation of 1890m and boasts a milder climate than most other Chinese cities. Celebrated as the "Spring City," Kunming has neither severe winters nor extremely hot summers and can be visited at any time of the year.
