

REES 2022

Int'l Conference on Renewable Energy and Energy Systems (REES 2022) will be held during April 22-24, 2022 in Suzhou, China. This Conference will cover issues on Renewable Energy and Energy Systems, and other related topics. It dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods in related fields.

CALL FOR PAPERS

Conference Date: Apr 22 - 24, 2022

Venue: Suzhou, China

Registration Deadline: Apr 22 - 24, 2022

Topics of interest for submission include, but are not limited to :

Power Electronics
Power System Protection
Lightning Protection
Transmission and Distribution Systems
Electrical Machines and Drives
Power System Simulation and Analysis
Power Utilization
Power System Harmonics
Power System Operation and Control
Power Transformers
Renewable Energy Sources
Power Systems
Distributed Energy Systems
Fuel Production and Utilization
Advanced Combustion Technology
Boilers
Steam Turbines
Gas Turbines
Generators
Heat Pump Systems
Safety and Security

Publication and Presentation

Publication: Open Access Journal.

Index: CNKI and Google Scholar

Note: If you want to present your research results but do NOT wish to publish a paper, you may simply submit an Abstract to our Registration System.

Venue

Suzhou is located in the center of the Yangtze Delta, in the south of Jiangsu Province. Suzhou is praised as the 'Oriental Venice'. Taihu Lake, four fifths of which is in the territory of Suzhou, is one of the four largest fresh lakes in China, with East Hill, West Hill and other scenic spots in its vicinity. The city is cut by the Beijing-Hangzhou Grand Canal from north to south. Together with its mild climate, fertile landscape and abundance of produce, it is no wonder that Suzhou is called 'paradise on earth'.
